Reason for Policy

To protect life and property by reducing fire risks posed to UVA buildings and occupants from the use of live cut trees (e.g., Christmas trees).

Definition of Terms

[Terms](#)

There are no terms that require definition.

Policy Statement

Due to the significant risks associated with live cut trees (dry texture coupled with extreme fire loads), the University prohibits live cut trees from being erected in all State-owned and leased facilities at the University.

Artificial Christmas trees are permitted as long as they are UL listed and maintain the specified fire ratings as prescribed by NFPA and the International Fire Code.

Compliance with Policy:

Failure to comply with the requirements of this policy may result in disciplinary action up to and including termination or expulsion in accordance with relevant University policies and may result in prosecution in accordance with state and federal law. This includes complying with the applicable adopted version of the Virginia Statewide Fire Prevention Code along with the associated legal proceedings to restrain, correct, or abate

such alleged violation.

Questions about this policy should be directed to [Environmental Health & Safety](#).

Procedures

Any exceptions must be approved by the Office of Environmental Health & Safety.

Policy Background

This is the first version of this policy.
